Medical History of the Invalid.

*Note.—The answers to the following questions are to be filled in by the Medical Officer by whom the Soldier is brought forward. In answering them he will carefully discriminate between the man's unsupported statements on his case and recorded evidence furnished by his documents military and medical. He will also carefully discriminate cases entirely due to venereal disease.*

8. Date and place of origin of the disability. October 1914 at Sydney N.S.W.

9. Give concisely the essential facts of the causation and history of the disability, noting entries on the Medical History Sheet bearing on the case, and give your opinion, in cases where it applies as to what part military service has taken in its production.

He states that his eyes became sore whilst encamped at Kemungton where the camp site was very sandy. He had headaches at the same time. On board SS. Euripides he complained very much of the light hurting his eyes this he says was exaggerated by the sunlight at Mena. He was recommended to wear dark glasses sent to Mena House. and at present in R.F. Field Hospital.

States that he had bad eyes at Manchester 7 years ago they were unflamed + discharged and he was kept in a dark room. most of the time.

10. What is his present condition?

Eyes are half opened

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

No discharge

He will not allow examination of either lids or eyeball and this seems to me to be exaggerated by patient. On one occasion the tension was thought to be a little + but I do not feel certain on this point

Opinion of the Medical Board.

NOTE.—The answers to the following questions are to be filled in by the Board. As the object of these questions is, in the event of the man being invalided, to put the Commissioners of Chelsea Hospital in possession of the most reliable information based on the opinion of those best capable of judging, so as to guide them in deciding upon the man's claim to pension, clear and decisive answers should in all cases be given.

Expressions such as "may", "might", "probably", &c., should be avoided.

The rates of pension vary according to whether the disability is attributed to (a) ordinary military service, (b) active service, or (c) climate. It is therefore essential when assigning the cause of the disability to differentiate between them. See Articles 1085 and 1088, Pay Warrant, 1909.

18. Is the disability the result of ordinary military service, active service or climate? If so, to what specific conditions does the Board attribute it?

No

*In answering this question the Board should be careful to discriminate between disease resulting from military conditions, and disease to which the patient would have been equally liable in civil life. Enteric Fever, Dysentery, Malaria, &c., contracted when on service abroad, are to be regarded as caused by ordinary military service, active service, or climate, as the case may be.*

19. Has the disability been aggravated by

(a) Intemperance?

No

(b) Misconduct?

No

20. Is the disability permanent?

21. If not permanent, what is its probable minimum duration.

No. 3 months.

*To be stated in months.*

22. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present.

*In defining the extent of his inability to earn a livelihood, estimate it at 1/4, 1/2, 3/4, or total incapacity.*

1/4 during duration above stated

23. If an operation was advised and declined was the refusal unreasonable?

No

24. Does the Board recommend

Yes.

(a) Discharge, as permanently unfit,

or

(b) ~~Change to England?~~

Medical History of the Invalid.

*Note.—The answers to the following questions are to be filled in by the Medical Officer by whom the Soldier is brought forward. In answering them he will carefully discriminate between the man's unsupported statements on his case and recorded evidence furnished by his documents military and medical. He will also carefully discriminate cases entirely due to venereal disease.*

8. Date and place of origin of the disability. October 1914 at Sydney N.S.W.

9. Give concisely the essential facts of the causation and history of the disability, noting entries on the Medical History Sheet bearing on the case, and give your opinion, in cases where it applies as to what part military service has taken in its production.

He states that his eyes became sore whilst encamped at Neurington, where the Camp site was very sandy. He had headaches at the same time.

On board S.S. Euripides he complained very much of the light hurting his eyes. This he says was exaggerated by the sunlight at Mena

He was recommended to wear dark glasses + sent to Mena House and at present in 1<sup>st</sup> Field Hospital.

States that he had bad eyes at Manchester 7 years ago. They were inflamed + discharged + he was kept in a dark room most of the time

10. What is his present condition?

Eyes are half opened.

Weight should be given in all cases when it is likely to afford evidence of the progress of the disability.

No discharge

He will not allow examination of either lids or eyeball and this seems to me to be exaggerated by patient. On one occasion the tension was thought to be a little + but I do not feel certain on this point

11. If the disability is an injury, was it caused

(a) In action? \_\_\_\_\_

(b) On field service? \_\_\_\_\_

(c) On duty? \_\_\_\_\_

(d) Off duty? \_\_\_\_\_

12. Was a Court of Inquiry held on the injury?

If so—(a) When? \_\_\_\_\_

(b) Where? \_\_\_\_\_

(c) Result? \_\_\_\_\_

13. Was an operation performed? \_\_\_\_\_

14. Was an operation advised and declined? \_\_\_\_\_

15. In cases of loss or decay of teeth. Is the loss of teeth the result of wounds, injury or disease, directly\* attributable to active service? \_\_\_\_\_

16. In the case only of men who served in South Africa between the 11th October, 1899 and 31st May, 1902. Did he receive any hospital treatment in South Africa during the South African War; if so, for what diseases, in what hospitals, and at what approximate dates? \_\_\_\_\_

17. Do you recommend

(a) Discharge, as permanently unfit, or

Discharge

(b) Change to England? \_\_\_\_\_

Opinion of the Medical Board.

NOTE.—The answers to the following questions are to be filled in by the Board. As the object of these questions is, in the event of the man being invalided, to put the Commissioners of Chelsea Hospital in possession of the most reliable information based on the opinion of those best capable of judging, so as to guide them in deciding upon the man's claim to pension, clear and decisive answers should in all cases be given.

Expressions such as "may", "might", "probably", &c., should be avoided.

The rates of pension vary according to whether the disability is attributed to (a) ordinary military service, (b) active service, or (c) climate. It is therefore essential when assigning the cause of the disability to differentiate between them. See Articles 1085 and 1088, Pay Warrant, 1909.

18. Is the disability the result of ordinary military service, active service or climate? If so, to what specific conditions does the Board attribute it?

No

*In answering this question the Board should be careful to discriminate between disease resulting from military conditions, and disease to which the patient would have been equally liable in civil life. Enteric Fever, Dysentery, Malaria, &c., contracted when on service abroad, are to be regarded as caused by ordinary military service, active service, or climate, as the case may be.*

19. Has the disability been aggravated by

(a) Intemperance?

No

(b) Misconduct?

No

20. Is the disability permanent?

21. If not permanent, what is its probable minimum duration.

No. 3 months

To be stated in months.

22. To what extent is his capacity for earning a full livelihood in the general labour market lessened at present.

*In defining the extent of his inability to earn a livelihood, estimate it at 1, 1/2, 2/3, or total incapacity.*

1/4 during duration above stated

23. If an operation was advised and declined was the refusal unreasonable?

No

24. Does the Board recommend

(a) Discharge, as permanently unfit,

Yes

(b) Change to England?

**INSTRUCTIONS.**

(1) Application forms received by Recruiting Officers will not be handed back again to applicants but will be passed direct to the Medical Practitioner, who will similarly return them to the Recruiting Officer, who will then forward them by post to the Officer in Charge of the Central Recruiting Depot to which recruits are instructed by them to Report.

(2) If an Applicant who has been rejected desires a copy of this certificate, it must be completed in duplicate at the time of Medical Examination, and the word "original" or "duplicate," as the case may be, will appear on top of the respective forms. Both copies will be forwarded to the Officer in Charge of the Central Recruiting Depot, where the duplicate will be impressed with the official stamp and then returned to the applicant.

(3) Copies will **NOT** be made of any certificates of acceptance. The word "Duplicate" will be struck out of such certificates, and they will be sent to the Officer in Charge of the Central Recruiting Depot by post.

(4) Names of accepted applicants who do not report at Central Recruiting Depot within the prescribed time will be forwarded to the Local Recruiting Officer for information.

(5) When alternatives are shown on the front of the form, such as:— 

|       |      |         |           |
|-------|------|---------|-----------|
| Fit   | Son  | Married | Original  |
| Unfit | Ward | Widower | Duplicate |
|       |      | Single  |           |

 strike out the words which are not applicable.

(6) Only those persons who fulfil the requirements in all other respects will be examined regarding medical fitness. These requirements may be ascertained by reference to daily newspapers and official posters.

(7) The Central Recruiting Depot, to which accepted applicants from various places will be sent for final medical examination, will be determined by District Commandants. Recruiting Officers at outlying places will require to issue clear instructions to such applicants, informing them where and when to report, and will forward the application forms in time to insure that they will be in the hands of the Officer in Charge of the Central Recruiting Depot when the recruit reports for enlistment.
